Natural Maple Hardwood BRIQUETS

8 Kg / 17.6 lbs

Our Briquet

- is a unique blend of dense northern virgin hardwoods, selected to deliver the ideal combination of sustained high heat and mild maple flavor.
- Never contains coal, chemicals, slabwoods, scrapwoods or fillers like mass market ordinary briquettes, or other natural labeled briquettes
- Created under exacting charcoal compression levels to give you consistent and constant burn time at an ideal heat level.

Our Guarantee

- To provide you a quality hardwood charcoal briquet which offers the best grilling and barbequing experience
- Our briquettes comes from healthy forests and strong communities.
